Health Inspection in Schools

SCHOOL BOARDS SHOULD GET BUSY

Fee Charged is Very Small and Work Will Have Far-Reaching Effect on the Health of the Coming Generation

It is of prime importance that School Trustees should avail themselves of the services of the Public Health Nurses, who, next week, shall be stationed in different centers in the Province to conduct child welfare stations and to inspect the children attending school. Although for years it has been optional with Trustees in rural school districts to have medical inspection of the children attending school, but a small percentage of the schools have ever been so inspected.

To render this service more general and at the same time to reduce the expense to school districts, registered nurses, by means of a special course of instruction given at the Provincial University, are being qualified to do this work. In the various cities, towns and villages throughout Canada where there is inspection of schools by doctors and nurses, about forty per cent of the children are found to have ailments that are prejudicial to health. Although the Legislature did not make such inspection compulsory in rural schools, it is inconceivable that any board within striking distance of where a Nurse-inspector is located would do anything except send a request at once that the school be inspected. The Department of Health is hearing about one-half of the whole expense.

It trains nurses, pays their salaries and living expenses, and the school district is asked to pay only a maximum of \$2000 with a minimum of \$1000 for such inspection of all children attending any rural school. There is heavy demand from various parts of the Province for such inspection.

There are only twelve such specially trained nurses in the Province. Ten will be placed in particular centers and two will probably be given each a roving commission.

The necessity of such inspection may be illustrated by the average result of such inspection in 1910 of the schools of ten leading cities in the United States, where on an average of 1000 children inspected it was found that there were defects and ailments actually injurious to health at the time of inspection in the following number of children: as to teeth 415, throat 201, eyes 153, nose 108, glands 118, ears 30.

Professor Osler, recently addressing the Academy of Medicine in London, England, said: "If I were asked to say whether more physical deterioration was produced by alcohol or by defective teeth, I should say by defective teeth."

If school trustees are in any doubt as to the beneficial result of the inspection of their school by a nurse-inspector, they are advised to write the secretary-treasurer of any school thus far inspected. There were only four such nurses heretofore qualified. They inspected a number of schools last year and these among others: Coaldale Consolidated, Crystal Lake, Beaver, Pioneer, etc., near Lethbridge; Scottfield Consolidated, Rainbow, Keystone and others near Yellowknife; Kiltam, Poplar Park, Asquith etc., at near Killam; Vermilion, Centre, New Mannville, Bowling Green, etc., at near Vermilion.

Several towns and villages are now co-operating with the trustees of the surrounding districts so that a nurse may be stationed to conduct child welfare work and to inspect the schools and give health talks in every district. The minister of Health has found that while the fee of from \$1000 to \$2000 according to attendance is considered very reasonable as to rural school districts, the straight maximum charge of \$2000 per room in the towns and villages is considered excessive, and the Minister agrees that it is excessive.

He has therefore written all parties interested and stated that for their effort in co-ordinating the work that in any town or village that secures co-operation of at least ten rural school districts, that inspection and furnishing transportation for the nurse he will allow such town or village a deduction and the

amount such town or village will be required to pay will be \$200 for the first room and only \$100 for each other room. Thus in a five-room village or town school the payment will be \$600 (not \$1000). The Minister holds that he can observe the Statute by giving the trustees a receipt for the remaining \$400 for services rendered the Department and similarly in all cases, no matter what is the number of rooms. It should be clearly understood, however, that no nurse will be placed at any center to do child welfare work, except in connection with school inspection. It is hoped that the eight graduating nurses will commence work next Monday.

The average parent in the Province is alive to the necessity of thorough inspection of all school children, lest one of his children may be de-seated to a child afflicted with a communicable or other disease. In some school districts it has been found that there are forty rate-payers and only a few children attending school, therefore the minimum fee of \$1000 applies and therefore the cost to each rate-payer is but 25 cents. It seems quite just that to any parent who does not bestir himself and immediately arrange to have his school inspected, his service as a trustee will not long be required in any district. Requests have come from several districts to re-call trustees who are not acting in taking steps to secure school inspection.

The Public School Inspectors are very enthusiastic over this work and are willing to give all the assistance they possibly can to assist in the necessary organization or in any other way.

Lutheran Convention at Clareholm

The Medicine Hat Circuit of the Norwegian Lutheran Church of Canada held a very successful convention at Clareholm, Alberta, June 25, 26, 27, 1919.

The convention sermon, delivered Sunday morning, was by Rev. K. B. Johansen of Ennuit. Rev. Mr. Fatland conducted the altar service and gave the communion address. The topic for discussion, Luke 15:11-24, was ably introduced by Rev. M. B. Anderson of Camanagay.

The following program was rendered Sunday evening under the auspices of the Young People's League:

1. Hymns and opening devotion led by Rev. Mr. Fatland, who presided.
2. "Some Other Day," recitation by Miss Myrtle Matson.
3. "Close to Thee," solo, Miss Carrie Jahren.
4. "Take Care of Mother," recitation, Raymond Fredrickson.
5. "Ora, Pro Nobis," recitation, Miss Alma and Carrie Jahren.
6. "The Church's Need of the Young People and the Young People's Need of the Church," an ably written paper by Mrs. Clara B. Fatland.
7. "The Hindered Christ," recitation, Miss Edna Berg.
8. "Praise Ye the Father," the church choir.
9. Address: "Can America Retain Christ?" Rev. K. B. Johansen.
10. Hymn and Benediction.

At the business meeting Monday morning the following officers were elected for the circuit: Rev. H. G. Fatland, president; Mr. Knut Nest, vice president; Rev. K. B. Johansen, secretary-treasurer.

It was decided to feature Religious Instruction and Young People's Work at the fall meeting of the circuit.

The attendance was very good, especially the first two days. The storm hindered some from coming Tuesday, the last day of the convention. Both pastors and lay-members took part in the discussions and many helpful and practical truths were brought home. The mission offering Sunday morning amounted to \$72.45.

Lutheran Services

Sunday school every Sunday. Divine worship Sunday, 11 a.m., June 8th. Young People's League meeting at church on Tuesday evening, June 8th. English services at the Clear Lake School at 3 p.m., June 8th. A hearty welcome to all.
Rev. H. G. Fatland, Pastor

Annab's Weekly Store News

FRIDAY, JUNE 6, 1919

Owing the strikes our regular supply of paper has failed to reach us this week, hence we have had to make shift the best way we could. We have hopes that this week's shipment will arrive in time for next week's issue of The Review-Advertiser.

If proof were needed that the strike troubles are being fomented by alien enemies, the strikers themselves furnished it this week in Winnipeg when they mobbed a business man of that city for displaying a Canadian flag.

The Calgary Alberta in its news columns tells how the strikers in Winnipeg mobbed a business man for displaying a Canadian flag. Yet in its editorial department the Alberta upholds the strike and the strikers. There's a screw loose there somewhere.

The government showed lack of tact when it held over its employees the threat that if they went out on sympathetic strike it would be considered tantamount to resignation of their jobs. But having delivered the ultimatum, we hope the government has backbone enough to stand by its guns. To be sure our present government has never been accused of having any backbone, but perhaps it will surprise us this time.

Without a doubt the government has been tactless in its dealings with the sympathetic strikers. Government usually are. But that does not mean that the leaders in the strike movement have displayed tact. Their mistakes have been as many and as flagrant as those of the government. And neither the government nor the strikers have showed less tact than certain newspapers whose editorials are calculated to incite the strikers to deeds of violence.

Mother's Initials

Of all the active participants in the war Mother is about the only one who is being mobbed out without a string of initials after her name. And yet who has earned more than she? Where would the King have found his V's and D.S.O.s and all the rest of them had not the mothers of Canada begun many years ago to prepare for this war by teaching their boys to live—(1) Honour it, "to shoot straight, ride hard and live clean."

Almost without exception the secret of their success is that the mothers of today's heroes were active in their youth. They knew how to save by putting everything to its best use. That is real thrift. They were not penny-pinching nor even "close" when they fought. They were the original savers for the government and today they should be the owners of a whole string of very satisfying initials—W. S. S. Few mothers are able right now to put their hands on money that is their own. Somebody started the idea long ago that money is the last thing a mother should possess. Just break away from that fallacy and do your duty by at least one mother, the very best mother in the world. Give her some money. W. S. S. written after mother's name looks like ready money.

"In a demonstration at Martinstown this week in which nine machines took part, the Moline Universal finished its land of one and one-third acres five minutes ahead of its nearest competitor, and each tractor was pulling three plows instead of two as fast as the official time showed that it plowed an acre in fifty and one-half minutes at a cost of fifty cents per acre for fuel."—General Supplies, Limited, Calgary, Alta.

MUNICIPAL HAIL INSURANCE

Why You Should Not Withdraw From the Operation of the Act

The Hail Insurance Board, elected under the provisions of the Municipal Hail Insurance Act, has established headquarters in Calgary, with offices at the Canada Life Building. The officials are farmers of many years' standing, men who have had practical experience on the farm as municipal officers, and with hail insurance. The adjusters have already been appointed and everything is in readiness for the season's operations. Those who are taking advantage of the Act and insuring their crops with this Board are assured a square deal.

There are many reasons why the farmers of Alberta should support this plan of Hail Insurance. Space will not permit to give all the details, but a few can be enumerated that will show the farmers that to be insured with this Board is absolutely safe.

(1) The Farmers' Own Company, it is endorsed by the U. P. A., by municipal conventions and by the majority of the organized municipal districts of the Province.

(2) Insurance at Actual Cost. There are no commissions to be paid to agents and no profits to be paid to shareholders.

(3) Absolutely Fair Adjustments. The staff of adjusters appointed by the Board are all farmers, every one of them having crops of their own that may be hailed out tomorrow. They would be adjusted by some other farmer, consequently it would not pay them to make anything but fair adjustment with those they are dealing with.

(4) Settlements Made Promptly. The Board has arranged for sufficient funds to take care of any amount of business. They have a credit of \$1,000,000.00 and can get as much more as they require.

(5) A Cash Proposition on a Credit Basis. The rate is struck in September, but the premium is payable at any time until December 15th. The rate is only sufficiently high to pay all losses in full, and the cost of administration, and to provide a small surplus for the better carrying of the business.

Everything else being equal, it is a matter of dollars and cents to the farmers. The line companies, by their own figures, have made big profits during the last five years in the Province of Alberta. There is no reason why this money should not be retained in the pockets of the farmers, and at the same time they will receive the same protection for their crops under the municipal hail insurance plan.

If any further information is desired, apply to Mr. Secretary, Treasurer of your municipal district, or to the Hail Insurance Board, Box 140, Calgary, Alberta.

CORRESPONDENCE

The Editor Review-Advertiser.

Dear Sir:—In the last issue of The Review-Advertiser, under the head of Correspondence was an article concerning a car that was built at Granum to accommodate the men that work on the road grading for the Municipality of Argyle, as dining and sleeping apartment.

As the writer of that article tried to convey to the public the impression that this car had cost more than any one of the same area in the country showed very clearly to any one with any knowledge of this kind of work that he did not know what he was talking about.

The difference between this car and the old bank car that was used for the accommodation of the threshing crew is about the same as the freight car used to carry a passenger coach on the C.P.R.

This car was built under the supervision of one of our most skilled mechanics in this province and is not only a credit to the Municipality but shows that the councilors are humane.

The car is built of the very best material throughout. The roof has a counter piston which is fitted with windows for light and ventilation the same as a railway coach. On either side is panel doors opening into the sleeping apartments which are covered with special awnings so arranged that they fold up to the sides of the car when required in moving.

At the rear is a glass and panel car opening on a platform.

This platform has a mattress railing thirty inches high with opening in

center for entrance which is provided with stairs. The platform is intended for carrying coal and water. The workmanship is of the very best and so substantial that with fair usage it will do service for twenty-five years.

The committee in charge of this work through experience have found that if you want to keep in your employment efficient individuals you must treat them as men. Efficiency today means economy, better work done at a lower cost.

Last year we had an old car that cost about fifty dollars to keep it in a safe condition to move. Then the men had to sleep in tents; these tents had to be moved four and five times a week; each time they were moved cost from four to five dollars; so we have effected a saving of from twenty to twenty-five dollars a week on account of having these folding awnings attached to sides of car which can be folded up in five minutes when required in moving.

We invite criticism but we want our critics to be fair and honorable. The man that tries to convey false impressions by withholding facts that equal entirely change the idea, might as well come as a political leechman, but in the onward march toward justice toward a better humanity, toward a higher ideal, toward a time when men will brothers the world over, he is not of much value.

THE COMMITTEE.

If you want a loan on your farm see Fraser & Peck.

GRAY DORT The Crowning Virtue

EXPERIENCED motorists determine a car's value by the service it renders. To them, this is the paramount virtue. This is one of the qualities that constitute the crowning recommendation of the Gray-Dort car. You want speed in the stretches, power for hills and poor roads, flexibility and easy pick-up for city driving—the Gray-Dort motor gives all these abundantly. Comfort, of course—over any road. A roomy body, deep upholstery, long springs, insure it. In every phase of motor service that men value you'll find the Gray-Dort excels. And this service you get year after year—service far surpassing the price you pay.

The touring car is \$1245; the Gray-Dort Special—the car with added refinements and extra equipment, is \$135 extra; there are also a coupe, and a sedan. All prices f.o.b. Chatham and are subject to change without notice.

Claresholm Local News

E. Lyons sold his farm this week to Mr. Chatterton of Idaho.

Pte. Bob Stewart returned home with the 31st a few days ago with the 31st.

Mrs. D. Ferguson is visiting with Mr. and Mrs. Drenan on the Moffatt farm.

Miss Robertson of the College staff, who has been ill with the "flu," is convalescent.

Watch for dates, "Hearts of Humanity."

Barons and Lethbridge played baseball at Barons on June 1st. Barons winning by a good margin.

Pte. Dave Linton returned home this week from overseas. He left here about three years ago with the 31st.

Pte. C. J. Nelson, who left here a year ago, arrived in town at the beginning of the week.

Mr. and Mrs. J. McKinney are leaving on Saturday for a month's visit at Portland, Oregon, and other coast points.

Car of extra No. 1 feed oats just arrived. Also about 500 bu. of light feed oats at 75¢. Pick over Grain Co. Claresholm, 13-3p.

Watch for dates, "Hearts of Humanity."

Pte. Ray Cuddey returned home on Monday last. He has been for three years at the front and was wounded once by machine gun.

The watering trough on the public square back of Varnes' livery, which was put there for the convenience of the farmers, is again in working order.

Observer Frank MacKenzie is in Calgary hospital again and has had to go through another operation. The last reports state that he is progressing favorably.

The Band wish to acknowledge a recent contribution of \$10 from E. G. Barker. With several young players coming along the Band still expect to make a showing with purely local talent.

Watch for dates, "Hearts of Humanity."

J. Rees has been engaged to take charge of the wood-work department of Louis Nogard's blacksmith shop, and will be ready to handle all work in his line.

J. L. de Forest is delivering a Martin-Orme player piano to Geo. Carey at Victoria, B. C. This is the second Martin-Orme that Mr. de Forest has sent to Victoria.

The baseball game at Staveloy on Wednesday afternoon between Staveloy and Vulcan resulted in a victory for Vulcan. The score stood after the eleventh inning at 4 to 1 in favor of Vulcan.

Lost—A boy's grey overcoat; was put by mistake in wrong auto in Claresholm on May 23rd. Finder please return coat to the Review-Advertiser office. Reward will be paid for return.

A largely attended meeting of the Liberals of this riding was held at Macleod on Thursday. Delegates were selected for the Dominion convention at Ottawa, but it was decided to not place a candidate in nomination for this riding until after the Ottawa convention.

Water users are urged to co-operate with the water committee by observing the regulations for the use of water for lawns and gardens. If all will do this there will be no trouble in keeping a constant supply. If regulations are not observed there is bound to be a shortage.

Sergt. MacKenzie, who used to be the town electrician, returned home from France on Wednesday night. He left here about three years ago with the Forestry Battalion and has been busy ever since in England, Scotland and France keeping up the supply of timber needed for the war.

The Children's Day missionary program of the Nazarene church will be rendered Sunday next at Gramin in the morning at 10:30, Greenbank school house at 3 p.m. and at Claresholm at 7:30 in the evening. The young people will give an interesting program of recitations, solos, duets and choruses. A cordial invitation is extended to all to be present on this occasion.

Lieut. Colon MacKenzie returned home last Monday night. He enlisted in 1914 and has been through nearly every engagement of any importance in which the Canadian troops have been engaged. He was wounded three times. During the last three months of the war he was company commander. Few of any of our boys have had any harder experiences.

In "Shell Shocked" Sergt. Joe Atberton portrays most vividly one of the hallucinations that may take possession of the soldier under this affliction. The drama itself is a strong one and being the pioneer in the speaking film world on the American continent, it is attracting much attention. There was a large attendance at the Rex on Tuesday night when this play was the feature of the program.

The hospital meeting was held in Harrison Hall on Thursday of this week. The attendance was not very large, but arrangements were made to proceed with the hospital proposition once a committee was appointed to confer with the government organizer and arrange for the building that the Act requires. The committee consists of the following: T. D. Lewis, Claresholm; E. M. Leyden, Gramin; F. S. Ditto, Staveloy; T. Bolton, Blacktail; G. Sherman, Gramin; Geo. Lee, Portland; G. E. Macleod, Staveloy; R. K. Peck, Claresholm, secretary.

If anyone has visited the cemetery this spring they must have been surprised at the manner in which the Claresholm citizens look after the graves of their beloved dead. By a stretch of the imagination one can see the beautiful walks and shade trees and well trimmed graves. Undoubtedly there is still room for improvement and some of our citizens are willing to join in and make it one of the prettiest spots in the locality. Mr. Lindsay is prepared to arrange a bee to do the necessary work if enough of our citizens will notify him that they are willing to help.

U.F.A. and U.F.W.A. Entertainment

There was a splendid attendance at the U.F.A. and U.F.W.A. entertainment last Thursday evening. The U.F.A. appears to be waking up and is daily adding to its membership. A report was given by J. Strang of the U.F.A. political convention, which was held at Macleod last week, and was received with considerable enthusiasm. Mrs. S. C. Williams gave a very interesting reading which appealed particularly to those who have pioneered in these new countries. The solo by Miss Workman was beautifully rendered and displayed a quality and tone of voice that is seldom met with. The violin selections by Mr. Jones and Miss Strang were highly appreciated. Miss MacKenzie gave a humorous recitation which amused and greatly pleased the audience.

The accompanist throughout the evening was Mrs. MacCardell whose appearance in public is always welcomed and whose musical performances are always of the highest quality.

Addresses were given by Mr. Sloan and Mrs. McKinney on interesting subjects.

The chairman R. S. Law announced that the U. F. A. meetings would be held every two weeks, at which everyone would be welcome.

U. F. W. A.

On Saturday afternoon, June 14, at 3 o'clock, in the Mines Block (the "old theater") a sale of home cookery will be held. Afternoon tea will be served from 3 to 6. Everybody welcome.

Another Letter to Mary

Dear Sister Mary—
Thank goodness, I have at last time to write, we are all through seething. Our house is nearly completed, and most delightful has been the supervising of the work and the anticipation of its occupancy. Tom and I have congratulated ourselves on many things in connection with "our home," but particularly in our choice of Mr. Bill Fisher as carpenter and contractor. He has been in this neighborhood many years and has had always the reputation for honest and careful work. True he asked more than some of the out of town contractors whom we did not know, but Mr. Fisher has built into "our home" all the carefulness, skill, and honesty of his nature, and we have already forgotten how much more he asked.

Tom says he heard at the lumber yard yesterday, that wholesale prices had already advanced from \$3.50 to \$7.50 per thousand feet. You may be too late to buy at the prices we paid.

Your loving sister Florence.

The Beautiful 1919 Models are Here

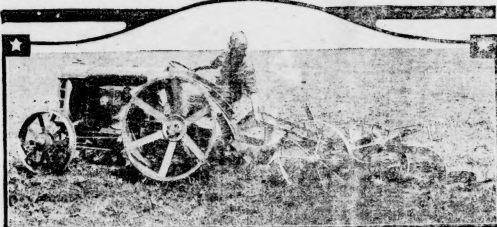

UTILITY as exemplified in McLaughlin 1919 models is the result of an unswerving fidelity to accepted engineering ideals. No radical changes mark the new "H" Series which are refined, developed and improved rather than re-designed.

SERVICE THAT SATISFIES

A famous tractor—the Fordson

THE Fordson tractor has attracted the attention of every civilized country. It is used by thousands in Europe today. It has shown the way to make farms produce more—in every country—and of every size.

Built right—simple, durable, economical, easy to operate—easy

to care for. The Fordson fulfills every requirement. It will make your farm a more profitable investment—will take worries off your shoulders.

Burns kerosene—all gears are enclosed. The Fordson is built especially to meet the need for a tractor which must be cared for by the operator himself.

Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the result of using the Oliver No. 7 Plow especially designed for the Fordson tractor. Trash and weeds are buried at the bottom of the furrow; the stop device maintains an even depth of furrow. It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver plow.

TOWN OF CLARESHOLM

Copy of By-Law No. 125

A By-Law to regulate the using of water through lawn taps and garden hose within the limits of the Town of Clareholm.

(1) "That on and after the passing of this by-law no person within the limits of the Town of Clareholm shall be permitted to run water through a lawn tap or garden hose excepting between the hours of 7 o'clock p.m. and 10 o'clock p.m.

"Any person guilty of an infraction of this by-law shall be liable on summary conviction to a penalty of five dollars and costs."

"Done and passed in Council this 4th day of July, 1918."

Signed,
W. C. Miller, Secy.-Treas.

CLARESHOLM

"In a demonstration at Martinsville this week in which nine machines took part, the Moline Universal finished its land of one and three acres five minutes ahead of its nearest competitor, and each tractor was pulling three plows instead of two as for us. The official time showed that it plowed an acre in fifty and one-half minutes, at a cost of fifty-six cents per acre for fuel."—General Supplies Limited, Calgary, Alta.
